Fundamentals of HVAC Systems Prepared by Robert McDowall, P. Eng. Engineering Change Inc. American Society of Heating, Refrigerating and Air-Conditioning Engineers Inc.

Fundamentals of HVAC Systems

In the semiotic theories of Jakob von Uexküll and Thomas A. Sebeok, Umwelt (plural: umwelten; from the German Umwelt meaning "environment" or "surroundings") is the "biological foundations that lie at the very epicenter of the study of both communication and signification in the human [and non-human] animal". The term is usually translated as "self-centered world".
