The origins of the Assassins can be traced back to just before the First Crusade, around 1094 in Alamut, north of modern Iran, during a crisis of succession to the Fatimid caliphate. There has been great difficulty finding out much information about the origins of the Assassins because most early sources are written by enemies of the order, are based on legends, or both.

Modern Times is a 1936 American comedy film written and directed by Charlie Chaplin in which his iconic Little Tramp character struggles to survive in the modern, industrialized world. The film is a comment on the desperate employment and financial conditions many people faced during the Great Depression, conditions created, in Chaplin's view, by the efficiencies of modern industrialization.
