A speedrun is a play-through (or a recording thereof) of a video game performed with the intention of completing it as fast as possible. Speedruns may cover a whole game or a selected part, such as a single level. While all speedruns aim for quick completion, some speedruns are characterized by additional rules that players promise to obey, such as collecting all key items.

After reading San Francisco is Burning, Dennis Smith's superb book of San Francisco's reaction to the 1906 earthquake, I got to thinking. What if I could precisely line up photos taken in 1906 with my own and combine the two together? I've always been frustrated by typical "then and now" photos because the photographer always seems to do a sloppy job aligning his "then" photos ...
