The root word stupid, which can serve as an adjective or noun, comes from the Latin verb stupere, for being numb or astonished, and is related to stupor. In Roman culture, the stupidus was the professional fall guy in the theatrical mimes.. According to the online Merriam-Webster dictionary, the words "stupid" and "stupidity" entered the English language in 1541.

Hearing range describes the range of frequencies that can be heard by humans or other animals, though it can also refer to the range of levels. The human range is commonly given as 20 to 20,000 Hz, although there is considerable variation between individuals, especially at high frequencies, and a gradual loss of sensitivity to higher frequencies with age is considered normal.

The truth is the human condition is the agonising, underlying, core, real question in all of human life, of are humans good or are we possibly the terrible mistake that all the evidence seems to unequivocally indicate we might be? While itâ€™s undeniable that humans are capable of great love, we also have an unspeakable history of brutality, rape, torture, murder and war.
